

Please keep the Indiana NO CALL list as it is currently. Any bank I do business with can call me regarding that particular business. I do not want unsolicited calls from any financial institution. If I wish to do business with them I will call them as I would any other company or organization. I appreciate the NO CALL list as it is now and I see NO reason to change it. Financial institutions can and should abide by the same rules as any other business they should not be afforded any special considerations in this matter. After all they are a business. They are not a charity, or other Non-Profit organization they are in business for one reason to make money. Therefore they should be treated like all other for profit groups.
